- ◆ Combined Rental and Leasing System
- ◆ Hundreds of Reports and Queries
- ◆ Analysis and Management Tools
- ◆ Multilingual (displayed in any language)
- ◆ And much more...

Example of vehicle damages pictures registration

The screenshot shows the 'Vehicles condition' application window. It features a menu bar (File, Edit, Go) and a toolbar with various icons. The main area contains a form for recording damage details:

- Vehicle no.:** 74-344-08
- Damage date:** 27/10/2008 00:00
- Damage class:** External
- Include repaired:**
- Damage date range:** From [] To []
- Legend:** Repaired (blue square), Unrepaired (red square)

Below the form are two side-by-side photographs of a red convertible car. The right photo has a yellow crosshair over a scratch on the driver's door handle. At the bottom of the window, there are buttons for 'DENT', 'Scratch', and 'Damage', along with a trash icon. The status bar at the bottom shows: Report number 82643, RA Number 14747, and Description: A 10 cm scratch below the handle of the driver's door. The footer of the window displays: 74-344-08 | Damage date : 27/10/2008 , Repair date : N/A

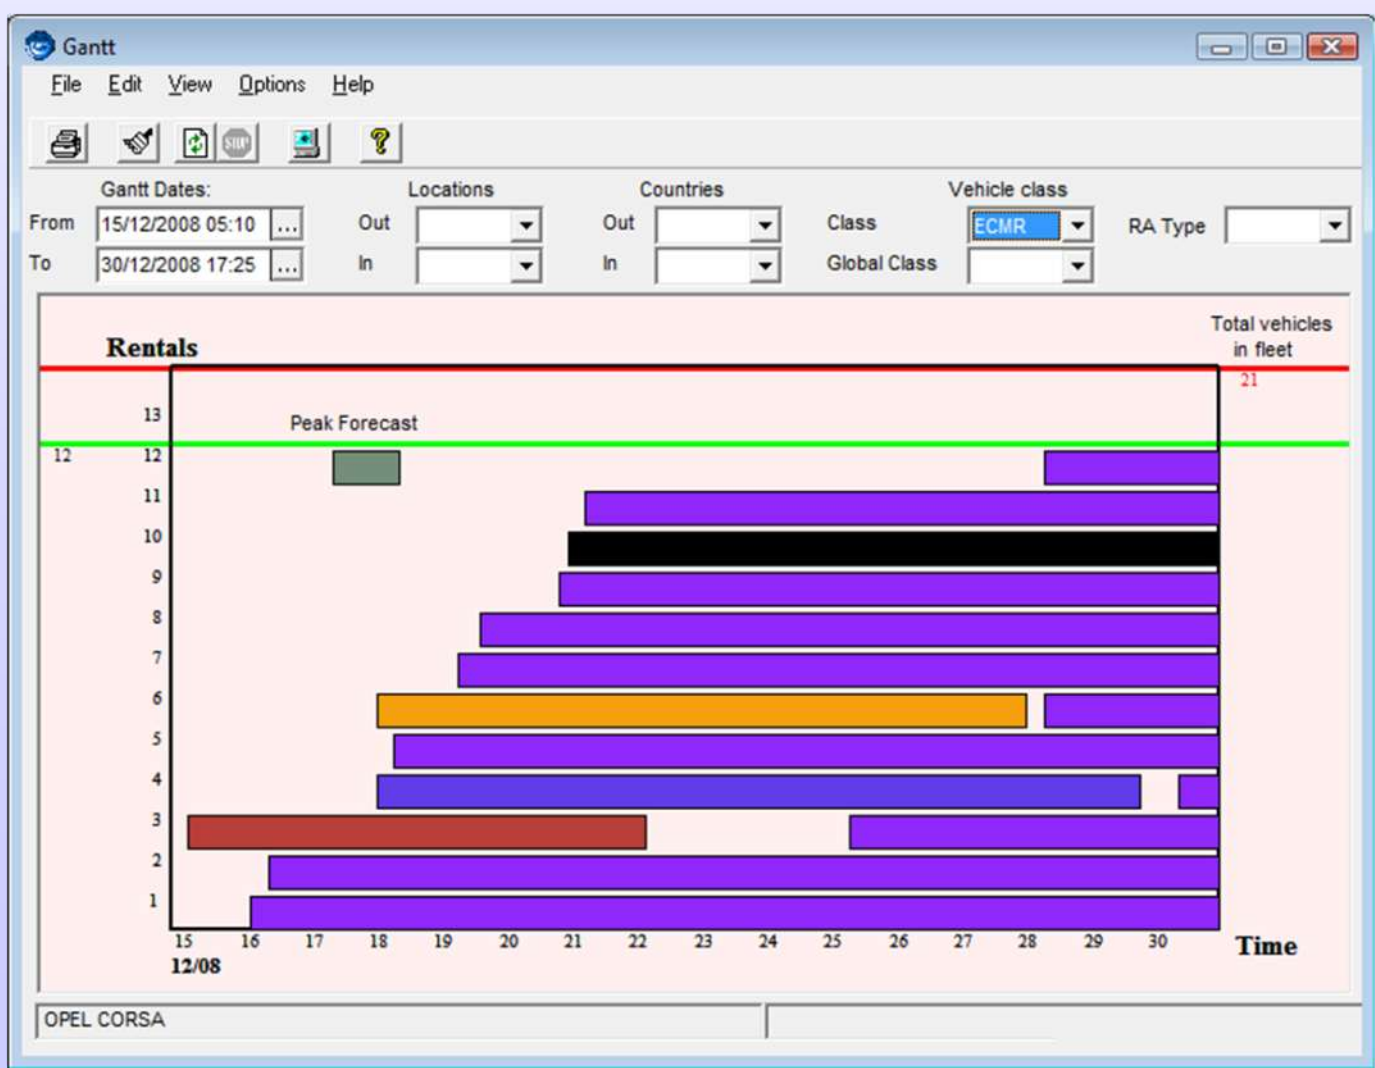

The BMS Rental Reservations Offers to You:
